

Need Help...

If you require help or have a general inquiry please open a support ticket.

1. Once logged in on online.tagtough.co.za click on support in the menu bar on the left of the page.
2. Enter the subject for your support ticket, it should relate to the problem you are having.
3. Select a priority for your support ticket.
4. Describe the problem in as much detail as possible.
5. Upload a picture of the problem if possible. This makes it easier for us to solve. It can be a screenshot of the page you are having a problem on.
6. Click on create ticket and the next available support team member will be in contact.
